OIL, GAS & MINING

Dear Mr. Hedberg:

Attached is the 1993 Annual Report of Mining Activities. Drawings submitted with the 1991 and 1992 annual reports have not changed.

The 1992 Annual Report of Mining Activities was discovered to be incomplete. The 1993 report of **total disturbed acreage at years end** has been updated although no mining activity is reported in 1993. Work done July 13, 1992 to September 3, 1992 was not reported in the 1992 report. 18,000 cubic yards of rock was removed and disturbed approximately 0.5 acres at quarry pit #4. The borrow material was used to construct a dike surrounding G.S.L. pump station #1 pump intake in January 1993.

Respectfully,

A handwritten signature in black ink, appearing to read 'Mark A. Kaschmitter'.
